## Welcome to the Biotech Campus Delft

Dear visitor,

We would like to welcome you to the Biotech Campus Delft, the largest open innovation campus in Europe focused on biotechnology that boosts the transition to a sustainable, biobased economy. We support the entire innovation cycle, from research and pilot to production. Our established companies, startups, scale-ups and knowledge institutions all contribute to this transition in their own way.

In this flyer you will find relevant information about the campus, such as the floor map and the most important safety rules. We therefore advise you to keep this flyer until the end of your visit. You can park your car in the designated parking spaces and bicycles in the bicycle racks, as indicated on the map.

We wish you a pleasant stay.
